Harvey Mansfield and Delba Winthrop's new translation of Democracy in America is only the third since the original two-volume work was published in 1835 and 1840. It is a spectacular achievement, capturing the elegance, subtlety, and profundity of Tocqueville's original. Mansfield and Winthrop have restored the nuances of his language, with the expressed goal "to convey Tocqueville's thought ...

Somewhat like the body's immune system, America's government has not two but three branches to protect itself against foreign and domestic attacks, including acts of treason, seditions and corruptions. The people, through elections, wield and even greater power to protect our democracy. Conceivably, it can be hailed as our democracy's greatest protector.
